EIA Guidance.pdf Guidance-RegFlexAct.pdf (b)(5) - Deliberative Process Privilege

Attached are the EIA Guidance, the RFA Guidance and two examples of a proposed and final rule that are good examples of how economics are fit into the rulemaking. I'm not sure where to start with providing guidance to the contractor, I think that reading and grasping the concepts in the documents are a good starting place. However, I feel that we have wasted a lot of time and money with no expectation of our contractor ever having a "head-slapping" moment. I agree that the best course is to take a chance with OAQPS.
